

Dear Stuart

Sorry about the delay with the cheque : as you know, our harvest has been never-ending, and some things have been temporarily set aside!

The boys have been great, and have fitted in well with the family (they have boarded with us). Our son and two of his friends have been home for harvest as well, so the “Swedes” got to sample some Aussie culture with Richard when the rain interfered (eg the Aria Park B&S, skiing at Blowering Dam and the Pyramid Rock Festival in Victoria for New Year). So it wasn’t all work and no play, but they have been good about the fact that things have dragged on far longer than we anticipated.

Thanks for giving us an option for our harvest : it would have been very difficult without the boys!

All the best for 2011,

Brony and Graeme Mason, 13/1/11
